

**July 5, 2021**

**Regatta Protocols:**

**Upon Arrival:**

- Clubs will arrive and unload boats into their designated areas (see attached graphic)
- Arriving athletes will be required to go to their designated area, no congregating in public areas
- Clubs will be required to stay in their designated area unless racing or using the washroom or using the water station
- Clubs on the lake (MM, SE, BA) will be required to stay on-site at their own club unless racing.
- All participants, coaches, and officials will wear a mask when social distancing is not possible.

**During Competition**

- All participants are encouraged to sanitize hands regularly. I.e. pre/post-race, before and after touching equipment, etc.
- The use of full-sized boats will be allowed to reduce the amount of sharing of equipment.
- All clubs using the Racing Centre docks should have athletes exit for a race using the right-hand side of the dock and return on the adjacent side.
- All previous protocols will be abided by with regards to equipment cleaning and cohorts.
  - Shared equipment will be sanitized between uses
  - Club members must remain with their club and in their cohort of 50.
- All public health protocols are required to be followed
- At no time are spectators permitted to enter the designated club areas and the competition venue except in the case of a medical emergency.
- Only athletes that are competing are permitted to enter the athlete area and competition venue.
- Crew boats should be comprised of participants within their already assigned pods of 50.

**Facilities Notes:**

- All docks will be sprayed down by ADCKC staff
- Washrooms will be made available at the Atlantic Racing Centre, they will be cleaned throughout the day.
- Clubs are responsible for their own sprayers & sanitizers and PPE.
- All clubs are required to keep attendance of athletes & staff at the venue.
- Coaches will not be allowed to enter the tower, all communications will be via phone.
