

Safety Boat Spotters

Safety Boat Spotters assist the Safety Boat Operator. As a spotter, you have to be able-bodied and be willing to hold boats/athletes in the water. Being able to swim is a must. First aid is not needed, and you will not be in charge of any first aid activity.

As a Safety Boat Spotter, you show up to the tower 30 minutes prior to first race of the day (8am or 8:30am).

For more information on becoming a Safety Boat Spotter contact:
